

### CORPORATE MEMBERSHIPS

Founded in 1930, the Texas Hospital Association enhances its members' abilities to improve the accessibility, quality and cost-effectiveness of health care for all Texans.

# The Benefits of Belonging

## WHY JOIN?

### Yearly edition of the THA Directory

The directory includes current information for every THA member hospital, representing the state's entire hospital industry – 84 percent of acute-care hospitals in Texas are THA members. All corporate members are also listed.

### Subscription to *Texas Hospitals* magazine

THA's premier publication features in-depth articles on hot issues, case studies that highlight best practices, and information vitally important to Texas hospital executives, management teams, clinical leaders and trustees.

### Eligibility for Hospital Political Action Committee

As THA's bipartisan political action committee, HOSPAC works hand-in-hand with THA members to build vital relationships with lawmakers. Corporate members are eligible to participate in HOSPAC.

### Support THA's education programs

Through the Texas Hospital Association Foundation, corporate membership fees support the work of the THA's quality and education programs.

### Access to sponsorship opportunities

Partner with THA to support a range of THA programs.

## WHAT DOES YOUR CORPORATE MEMBERSHIP SUPPORT?

By becoming a corporate member of THA, you contribute to THA's ongoing efforts to provide education and resources to our member hospitals through the Texas Hospital Association Foundation. Each year, the Texas Hospital Association makes a contribution to the Foundation in the full amount of corporate memberships.

The Foundation works hard to ensure that our education programs are accessible and affordable for the full range of hospitals who make up our membership. With the help of corporate memberships, the Foundation is able to provide education

scholarships to ensure the greatest number of member hospitals are able to benefit from our education resources. THAF also houses the Clinical and Quality Initiatives division who work tirelessly to assist Texas hospitals in improving health care through collaboration and innovation.

From onsite education courses to in-person conferences, trainings and certifications, the Foundation offers a broad range of continuing education programs to support our mission to help improve and advance the Texas healthcare landscape.

## MEMBERSHIP FEE

\$3,000 annually

## WHO ARE OUR MEMBERS?

84% of general acute-care hospitals in Texas are THA members

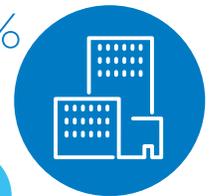

### Ownership

60%  
100 or less beds

40%  
101 or more beds
